OLD AND SILVER WATCHES, OF Find and In B. Cases just received and for sale at reduced prices, by T. T. SCOTT., No. 157 Main St., Wheeling.

SOME OF THE OBJECTS

AND

WHAT IS TO BE SEEN ON

BULLARD'S PANORAMA

NEW YORK CITY

The Panorama continues to move before the spectator for nearly two hours, and takes him over Six Miles through the streets of New York City, in the midst of its business-in places and through streets which to a stranger would be of most interest, and he would be most likely to visit; and while he is apparently passing along, he has extended perspective views of the buildings on both sides of upwards of Fifty Streets-which collectively being about forty miles of buildings-giving him a view of the City and its People, as it would appear to him if he were to go there, and walk through the streets, among the people, the bustle and confusion of Our Empire City. He will have a faithful and exact view of the magnificent Churches, public and private Buildings, the Shipping and Steamboats, Horses and Carriages Omnibuses, Railroad Cars, and the Thousands of People who daily throng the streets of New York. Distinguished men and acquaintances are readily recognized among the crowd of persons in the streets. The signs can be read the same as if you were in the city, as all are faithfully represented upon this painting-public and private processions, Military Companies, Firemen and their Engines Bands of Music, &c., &c. While the Pan orama moves before the spectator, over 736 Horses and Carriages pass in view, and more than 10,000 of the people of the city, at their daily business.

It is impossible to state all that is to be seen on this moving painting. Persons in viewing it can hardly persuade themselves that they are not actually in the car among its business and bustle-viewing the citizens and strangers, a they really are, in every day life, at their avo cations; and persons unacquainted in New York city, will get a better view, and Gain more Information of the city and its people, by once seeing this Panorama, than they would to actually visit the city and walk its streets and thoroughfares for ten days, as thousands of per-

sons have testified. At each exhibition of the Panorama, as it passes before the spectator, an Explanatory Lecture will be given by Mr. George Doel, one of the proprietors, or Mr. Albert Noron, or D. C. Damon-illustrative of New fork City, its statistics, business and resources-its people, their "go-ahead-ativeness," manners and customs-much valuable knowledge of great importance to a stranger and of general and instructive information

to EVERYBODY Will be Exhibited at St. Clairsville. in the MethodistChurch, Saturday Afternoon and Evening, Feb. 2, at 3 & 7 1.2 O'Clock.
